

Are you Female? 50 years +?

We want you!

The School of Optometry and Vision Science at UNSW would like to invite you to participate in a study investigating the effect of estrogen on the tearfilm.

The study will involve **one visit approximately 1hour in duration** where we will assess the front surface of your eyes.

If you are interested in participating in this study or require further details, please contact us on **0452 518 113** or **e.j.gibson@unsw.edu.au**

This study has been approved by the St Vincent's Hospital Human Research Ethics Committee #HREC/17/SVH/75
